

The background is a collage of Cuban cultural and historical elements. On the left is the red-tiled bell tower of the Cathedral of Havana. In the center is a green, semi-transparent map of Cuba. On the right is the equestrian statue of José Martí on a horse, atop a stone pedestal. A Cuban flag is visible in the middle ground. The overall color palette is warm, dominated by reds, oranges, and yellows, with a halftone dot pattern overlaid on the entire image.

# Who is

## CUBAN ADVENTURES?

Cuban Adventures was born of a love for the real Cuba, found beyond the typical beach resorts. From our launch in 2005, we were pioneers in small-group tours using local guides and family-owned guest-houses -casas particulares- which proved popular for travellers seeking genuine connections with the country and its people.

In the last twenty years, our team has grown from just two guides to over twenty dedicated professionals who take travellers on an unforgettable exploration of Cuban culture and society.

 THE IDEAL TOURS FOR LEGAL TRAVEL FROM THE US

## AUTHENTIC CUBAN ACCOMMODATIONS=

# Unforgettable Stay

*Casas particulares* are privately-owned accommodations like a bed & breakfast or a guesthouse. They range in style from a humble family home converted to accommodate guests, to a flashy boutique hotel that rivals anything found in major cosmopolitan cities.

Many travellers discover that the accommodation is a major highlight of their visit to Cuba. Not just because of comfort levels, but also because the *casas* provide a great opportunity to interact with everyday Cubans.

### **Standard Casas**

Rooms with air-conditioning, ensuite bathroom. Safe, simple, no frills.

### **Comfort Casas**

Rooms with modern air conditioning, ensuite bathrooms, modern imported mattresses, and some amenities such as blow dryers and security boxes.
